As a versatile designer with experience in advertising, marketing and branding, I have produced creative projects in digital, print, video, web and animation. My desire to learn drives me to constantly develop new skills, enabling me to bring even more value to the teams I work with. I'm always looking for creative minds to bounce ideas around with and look forward to any challenge put in front of me.

Experience

Trajectory - Graphic Designer

September 2013 – Present

Developed brand identity, including packaging, tradeshow booths, print, direct mail, animation and design guidelines for health and wellness brands.
